

This volume, carefully arranged and proof-read to assure maximum quality, contains the beloved LITTLE WOMEN TRILOGY, with linked table of contents for easy navigation and all the features and quality of the well known and popular TIMELESS WISDOM COLLECTION. The books are: LITTLE WOMEN (including part 2, Good Wives) LITTLE MEN (Life at Plumfield with Jos Boys) JOS BOYS and How They Turned Out. A Sequel to Little Men. Little Women has been read as a romance or as a quest, or both. It is a family drama that validates virtue over wealth. Alcott created a new form of literature, with elements from Romantic childrens fiction combined with the ones from sentimental novels format. In these novels you find the first vision of the All-American girl, which aspects are embodied in the differing and beloved March sisters. Little Men, the second book of the trilogy, tells the story of Jo Bhaer and the children at Plumfield Estate School. The story begins with the arrival of Nat Blake, a shy young orphan who used to earn a living playing the violin. The characters are introduced through his eyes. There are ten boys at the school already; Nat, and later his friend Dan, join them, and soon after Nan arrives as companion for Daisy, the only girl. Jos sons Rob and Teddy are younger than the others and are not counted among the pupils, nor are the two girls, Daisy and Nan. The school is unconventional: the children have their own gardens and pets, and are encouraged to experiment with running businesses. Jos boys, the third book and final of the trilogy, follows the lives of Plumfield boys ten years after Little Men. Dolly and George are college students dealing with the temptations of snobbery, arrogance, self-indulgence and vanity. Tommy becomes a medical student to impress childhood sweetheart Nan, but after accidentally falling in love with and proposing to Dora, he joins his family business. These are beautiful books, now in one convenient format with the essential trilogy, easy to handle and to read.
