

The Distant Hours

The discovery of a long-lost letter reveals an old secret and the truth behind a woman's mysterious past in the best-selling novel from international publishing sensation, Kate Morton, author of *The Shifting Fog* and *The Forgotten Garden*. The suspense will have you turning the pages long into the night. - Good Reading, 4 stars

Edie Burchill and her mother have never been close, but when a long-lost letter arrives one Sunday afternoon with the return address of Milderhurst Castle, Kent, printed on its envelope, Edie begins to suspect that her mother's emotional distance masks an old secret. Evacuated from London as a thirteen-year-old girl, Edie's mother is chosen by the mysterious Juniper Blythe, and taken to live at Milderhurst Castle with the Blythe family: Juniper, her twin sisters and their father, Raymond, author of the 1918 children's classic *The True History of the Mud Man*. In the grand and glorious Milderhurst Castle, a new world opens up for Edie's mother. She discovers the joys of books and fantasy and writing, but also, ultimately, the dangers. Fifty years later, as Edie chases the answers to her mother's riddle, she, too, is drawn to Milderhurst Castle and the eccentric Sisters Blythe. Old ladies now, the three still live together, the twins nursing Juniper, whose abandonment by her fiancé in 1941 plunged her into madness. Inside the decaying castle, Edie begins to unravel her mother's past. But there are other secrets hidden in the stones of Milderhurst Castle, and Edie is about to learn more than she expected. The truth of what happened in the distant hours has been waiting a long time for someone to find it. Kate Morton's next bestseller *The Lake House* will be released on 21 October 2015.
