

She liked lies...To lie readily and cleverly, recklessly and yet successfully, was, according to the lessons which she had learned, a necessity in a woman Lizzie Eustace is young, beautiful, and widowed. Her determination to hold on to the Eustace familys diamond necklace in the face of legal harassment by her brother-in-laws solicitor entangles her in a series of crimes - apparent and real - and contrived love-affairs. Her cousin Frank, Tory MP and struggling barrister, loyally assists her, to the distress of his fiancee, Lucy Morris. A pompous Under-Secretary of State, an exploitative and acquisitive American and her unhappy niece, ashady radical peer, and a brutal aristocrat are only some of the characters in this, one of Trollopes most engaging novels: part sensation fiction, part detective story, part political satire, and part ironic romance. The Eustace Diamonds (1873) belongs to Trollopes Palliser series. Though often considered the least political of the six novels, it is a highly revealing study of Victorian Britain, its colonial activities in Ireland and India, its veneration of wealth, and its pervasive dishonesty.
