

## The Girl In The Comfortable Quiet (The Half Shell Series) (Volume 4)

Some secrets are meant to be kept forever. What no one ever tells you is that secrets hurt you and never the ones you lie to. They are your solitary hurt and shame. The people you withhold them from go on with their lives. They live. They love. They are unharmed by your silence and the words you havent yet shared. ~Chrissie Parker We have a perfect life together. Dont let the past ruin it, Chrissie. ~Neil Stanton We are the farthest thing from enemies, Chrissie. I will always love you. ~Alan Manzone Married to her gorgeous superstar husband, Neil, and living a picture-perfect life should have put the past to rest forever for Chrissie. But some mistakes you cant escape from, the truth always comes out in time, and some loves refuse to go away. As she starts the family shes longed for and builds her own career as a singer-songwriter, Chrissie is confronted with more unexpected changes. Truths about her loving father, Jack. Neils shocking secret. Alans unrelenting love for her. Caught in a web of lies, with everything she believes coming crashing down around her, will she fight to save her marriage to Neil or will she fight for the love of her life, Alan? And will Chrissie find her happy ending at last?
