

Boss Man From Ogallala: Nebraska (The Americana Series)

Every novel in this collection is your passport to a romantic tour of the United States through time-honored favorites by Americas First Lady of romance fiction. Each of the fifty novels is set in a different state, researched by Janet and her husband, Bill. For the Daileys it was an odyssey of discovery. For you, its the journey of a lifetime. Your tour of desire begins with this story set in Nebraska. Does heartbreak last forever? Casey could only hope that time would ease the pain. Falling in love with Flint McCallister had been a cruel twist of fate. It was ironic, actually, because Casey initially hadnt wanted Flint to manage the ranch. Her hostility had been obvious. Now, here she was contemplating life without Flint as though it were the end of the world. For Flint had made his feelings perfectly clear when he said Casey, can you get it through your head that I dont want you here!
