

The Judas Scar

That rare thing - a gripping page turner that's also emotionally intelligent and very moving. - Tamar Cohen, author of *The Mistress's Revenge* A gripping and powerful read which will keep you turning the pages. - Simon Kernick Astonishingly good and utterly haunting. - Katherine MacAlister, *The Oxford Times* This was a beautifully evocative character-driven tale of those things which haunt us and shape who we are. -Lizzy Barnsley - *Liz Loves Books* The emotional core of the couple had me racing through it, praying things turned out well for them. -Edward Ian Kendrick I couldn't put it down... an absolute stonker of a read and I was left feeling gob-smacked! -Lou Graham It's completely gripping and will have you enthralled until the last page. -Becca Allen via Goodreads *The Judas Scar* is a beautifully crafted tale, which is emotional, dark and so very compelling that you will struggle to put it down until you, like Harmony, have learned the truth. -Amanda Keats, *Novelicious* Above all, this story highlights how events in our childhood if not dealt with follow us into adulthood and can have a huge impact upon the adults we become. -Dawn Crooks, *Crooks on Books* Tense, tightly plotted with characters that are by no means perfect, and in some cases just twisted. I was totally transfixed by the story - an excellent read from a talented author. -Anne Cater, *Random Things Through My Letterbox* Recommended if you like dark f**kers with secrets and strong, compelling writing. --Book C**t
