

The Moonstone (Illustrated Edition)

The Moonstone is a page-turner, writes Carolyn Heilbrun. It catches one up and unfolds its amazing story through the recountings of its several narrators, all of them enticing and singular. Wilkie Collins's spellbinding tale of romance, theft, and murder inspired a hugely popular genre—the detective mystery. Hinging on the theft of an enormous diamond originally stolen from an Indian shrine, this riveting novel features the innovative Sergeant Cuff, the hilarious house steward Gabriel Betteridge, a lovesick housemaid, and a mysterious band of Indian jugglers. This Modern Library Paperback Classic is set from the definitive 1871 edition. Note: This is an illustrated edition of the book for an engaging read.
