

Collectors of Zodiac Book 3 of 13: Survival of Character (Survival of Character)

Did you know that everything you touch is made from the stars? Plants, animals, and even you have been created from ancient star dust. Time and the alignment of star constellations have lead us to this very point. Do you believe in fate, god, or intellectual design? If not that is okay! Like the ancient Chinese and Greeks once believed in the stars, it is time to see why. Something magical is about to be unleashed. They are coming! Introducing a new story series that mixes drama, action, history, and myth. Collectors of Zodiac is a series of 13 short stories that build over twenty characters with an action packed conclusion. All you need to do is look towards the stars for the answer. Book 3 is about a freshman teenage athlete that dreams of being like his American football playing father. Without realizing his new abilities granted by the Zodiac, Brian quickly impresses local coaches with his athletic skills. Ego and jealousy of other players could sabotage Brians dreams. Can his character empower righteousness or will his dreams consume his ethics. <http://collectorsofzodiac.com/>
