

The Thinking Fans Guide to Walt Disney World: Magic Kingdom

The Thinking Fans Guide is different kind of guidebook for a different kind of theme park experience. Aaron Wallace avoids the ephemera of prices and menus to explore the heart of the Disney experience, the attractions themselves. He provides a lighthearted but scholarly look at the history, lore, and literature that inform the designs and storylines of every ride and attraction in the Magic Kingdoms Adventureland, Frontierland, Liberty Square, Fantasyland, and Tomorrowland, as well as the Walt Disney World Railroad, the Sorcerers of the Magic Kingdom game, the Celebrate a Dream Come True and SpectroMagic parades, the Wishes fireworks show, and Main Street, U.S.A. itself. Far from being mere amusements, these 36 attractions provide a complex, multi-layered narrative that can be experienced and appreciated just like a great novel, play, or film. The Thinking Fans Guide will fascinate Disney buffs with the sometimes surprising insights it offers into old favorites while offering newcomers to the Disney magic a much richer experience. If you are ready to immerse yourself in the magnificent achievement that is Walt Disney Worlds Magic Kingdom, this is the guide for you.
