

## Tocabaga 7: Pan Guo Zui - High Treason (The Tocabaga Chronicles) (Volume 7)

Read The Tocabaga Chronicles to find out what could happen to our wonderful country. Find out how to protect your loved ones and survive the chaos after the collapse. Law and order only exists at the end of a gun. It takes tough, hard men and women working as a team to stay safe and free. Friends and family need to stick together to fend off the daily threats of death. You need to be smart, compassionate, and ruthless with those who would do you harm. You need guns, guns, and more guns with a ton of ammunition or you will not survive very long. Good luck in the future. Most people living on Tocabaga carry a weapon. Its normal and totally expected to carry a gun because our second amendment rights permit us to do so. We do not tolerate traitors, spies, or Quislings. We all have a few things in common and that is the desire to remain free from Federal Government oppression and to protect our loved ones and friends. I love our country, freedom, my family, and friends. If anyone messes with my family, or my friends, justice will be swift and painful. I have no use for anyone who breaks the law, cheats, or steals. For the most part I follow the Ten Commandments, but also believe in The Code of Hammurabi which is an eye for an eye. I fight to keep our Bill of Rights under the United States Constitution. That is me, Jack Gunn, a.k.a. Tocabaga Jack, and these are my chronicles.
