

The Unforgotten (Unicorn Western Book 8)

When both the fracturing worlds and Clints bride-to-be are thrust into peril by an old foe, the gunslinger must come out of retirement and aim his seven-shooters at the dark magic and those who bring it. An epic quest hurls marshal and unicorn across the endless desert in pursuit of the dark rider Dharma Kold and his unicorn of a different color, where they must battle their way back toward The Realm to uncover the truth...and mayhap save the worlds that hang in the balance. From the creators of Yesterdays Gone (Platt) and Fat Vampire (Truant) comes this reinvention of both the western genre and unicorn lore. Appropriate for adults, teens, and children, Unicorn Western is Harry Potter without wizards but with gunslingers, talking unicorns, epic fights, and more turkey pie.
