

The Works of Edgar Allan Poe, Vol. 7 of 10: Newly Collected and Edited, With a Memoir, Critical Introductions, and Notes (Classic Reprint)

Excerpt from The Works of Edgar Allan Poe, Vol. 7 of 10: Newly Collected and Edited, With a Memoir, Critical Introductions, and Notes

The first point to be observed in the consideration of Charles OMalley is the great popularity of the work. We believe that in this respect it has surpassed even the inimitable compositions of Mr. Dickens. At all events it has met with a most extensive sale; and, although the graver journals have avoided its discussion, the ephemeral press has been nearly if not quite unanimous in its praise. To be sure the commendation, although unqualified, cannot be said to have abounded in specification, or to have been, in any regard, of a satisfactory character to one seeking precise ideas on the topic of the books particular merit. It appears to us, in fact, that the cabalistical words fun, rollicking and devil-may-care, if indeed words they be, have been made to stand in good stead of all critical comment in the case of the work now under review. We first saw these dexterous expressions in a fly-leaf of Opinions of the Press appended to the renowned Harry Lorrequer by his publisher in Dublin. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
