

## Therese Raquin (French Edition)

Emile Zola est un écrivain et journaliste français, né le 2 avril 1840 à Paris, où il est mort le 29 septembre 1902. Considéré comme le chef de file du naturalisme, c'est l'un des romanciers français les plus populaires<sup>2</sup>, les plus publiés, traduits et commentés au monde. Ses romans ont connu de très nombreuses adaptations au cinéma et à la télévision. Sa vie et son œuvre ont fait l'objet de nombreuses études historiques. Sur le plan littéraire, il est principalement connu pour *Les Rougon-Macquart*, fresque romanesque en vingt volumes dépeignant la société française sous le Second Empire et qui met en scène la trajectoire de la famille des Rougon-Macquart, à travers ses différentes générations et dont chacun des représentants d'une époque et d'une génération particulière fait l'objet d'un roman.
