

Three Men on the Bummel, with eBook (Tantor Unabridged Classics)

Three Men on the Bummel is the story of a Victorian bicycle trip gone wrong-then wrong and wrong again! A trio of British gentlemen attempt a cycling expedition in Germany's Black Forest. Confusion about the differences in language and culture get them into continual trouble, whether its boarding a train, buying a present for an aunt, or simply trying to get safely from one place to another. Will they ever get back to their own lives-and will they really want to? Reprising the characters from Jerome's hugely popular Three Men in a Boat, this gently humorous book will delight anyone who has ever had an unpredictable vacation.
