Twisted

Hollywood homicide detective Petra Connor has helped psychologist Alex Delaware crack tough cases in the past. And in Jonathan Kellermans New York Times best seller Billy Straight, she took the lead in the desperate hunt for a teenage runaway stalked by a vengeful murderer. Now the complex and wryly compassionate Petra is once again at the center of the action, in a novel of cunning twists and page-turning suspense.Lifeless bodies sprawl in a dance-club parking lot after a brutal L.A. drive-by. Of the four seemingly random victims, one stands out: a girl with pink shoes who cannot be identified, and who, days later, remains a Jane Doe. With zero leads and no apparent motive, its another case destined for the cold file, until Petra decides to follow her instincts and descends into a world of traveling grifters and bloodthirsty killers, pursuing a possible eyewitness whose life is in mortal danger.Finding her elusive quarry alive isnt all Petra has on her plate: departmental politics threatens to sabotage her case, and her personal life isnt doing much better. If all that wasnt enough, Isaac Gomez, a whiz-kid grad student researching homicide statistics at the station house, is convinced hes stumbled upon a bizarre connection between several unsolved murders. The victims had nothing in common, yet each died by the same method, on the same date, a date thats rapidly approaching again. And that leaves Petra with little time to unravel the twisted logic of a cunning predator whos evaded detection for years, and whose terrible hour is once more at hand.
