

## Nine Meals: Frail Man

Armageddon means never having to say you're sorry. A sidekick novella to the critically acclaimed and best-selling novel, *Nine Meals* Paul Bray has lost much in this world after a Coronal Mass Ejection has fried the power grid and slapped the human race back a century. His wife is murdered. He is wounded, hungry and desperate. But Paul Bray is no Frail Man. He is consumed by rage and the desire for vengeance. How he achieves it will shock you. An add-on tale set in the universe of the award-winning and best-selling novel, *Nine Meals*, takes a look at how far one man will go to satiate his most intense, destructive desires. An eye for an eye for an eye. It's only fair. Perfect for those who have read *Nine Meals*, *Nine Meals: Frail Man* is a journey into a darkened world.
