

Uncle Toms Cabin (Illustrated and Annotated)

Uncle Toms Cabin; or, Life Among the Lowly, is an anti-slavery book by American author Harriet Beecher Stowe. Published in 1852, the novel helped lay the groundwork for the Civil War, according to Will Kaufman. Stowe, a Connecticut-born teacher at the Hartford Female Seminary and an active abolitionist, featured the character of Uncle Tom, a long-suffering African-American slave around whom the stories of other characters revolve. The sentimental novel depicts the reality of slavery while also asserting that Christian love can overcome something as destructive as enslavement of fellow human beings. This edition has been formatted for your Kindle, with an active table of contents. It has also been illustrated and annotated with additional information about the book and its author, including an overview, plot, character information, themes, sources, biographical and bibliographical information.
