# The Return (Annotated)

The Return is one of the best-known short stories written by Joseph Conrad (1857-1924). First published in 1898, the tale is centered around a man who, after a long ordinary life together, is left by his wife... This edition is enriched with two other Conrads texts: A Personal Record, an autobiographical work written in 1912, and Notes on My Books, a 1920 essay on his writings.
