

Whispers: The Reincarnation Series (Book 2)

In this paranormal thriller sequel to *Voices*, the war to create a perfect reincarnation system begins. General believes the existing system is already perfect: to know joy every soul must experience suffering. But a rogue soul named Carmina believes the system is outdated and flawed. She is determined to prove that joy can exist without suffering. When Carmina and her team of reincarnated teenagers hack the system to change its outdated rules, Reizo is recruited to stop them. But Reizo could care less about rules or any ridiculous system until a mysterious soul named General leaves him no choice. Follow Carmina, Reizo and Aimee in their extraordinary journey to make the reincarnation system perfect.
