

Wind River: Ransom Valley

The Wyoming Territory town of Wind River has gotten so peaceful that some people think its downright civilized. But they don't know that a gang of vicious outlaws is planning a military-style raid on the settlement that will clean out the bank and the other businesses. Anyone who gets in their way will be cut down in a hail of bullets. Through a twist of fate, a beautiful young woman finds herself taken prisoner by the outlaws, and it's up to Marshal Cole Tyler and Texas cowboy Lon Rogers to pursue the desperadoes and rescue Brenda Durand ... if they don't wind up on the receiving end of some outlaw lead first! RANSOM VALLEY is a brand-new 42,000 word novel from award-winning authors James Reasoner and L.J. Washburn. It's the first new entry in more than a decade in the bestselling Wind River series and is filled with the same blend of action, humor, drama, and compelling characters as the first six novels. If you haven't paid a visit to Wind River yet, now's the time!
