

Divas Never Flinch: A Comedy of Manners

Battles never cease and sparks fly when Sonora and Connye-the two Grand Divas of the Santa Fe Social Scene-strategize to best each other in a no-holds-barred look at adventures in social one-upmanship. Who says there are no longer civil wars in America? Santa Fe, New Mexico is the epicenter of epic battles fought between the two Queens of the local social scene. Told through a series of episodic tales, this satirical novel lurches back and forth between stories of the two Divas, tracing the rise and fall in the fortunes of Sonora and Connye, as they try to outdo each other and reign as Queen. But the battles are played out in the most civil of terms. Dinner parties, social events, and outside journeys to Puerto Vallarta, New Orleans, and New York carry the action through Southwest-style political intrigue; the search for buried treasure; battles to control visiting royalty; a Hollywood movie premiere, and the colorful exploits of an additional cast of sexually complex, supporting characters. But its not all champagne and acid. There are also many touching moments. Lost children reunited with a missing parent. Unexpected generosity. The care of aging parents. The gratitude of a good friend for help in starting a new business. And a nativity scene mysteriously appearing in Sonoras back yard on Christmas Day. Finally, the climax comes when a new competitor arrives on the scene: Amanda Beor-Bink, a world-class fashion designer who actively conspires, using her celebrity and money, to claim the crown of Queen of Santa Fe for herself. But can and will Sonora and Connye take up the challenge to their already established supremacy?
