

Revolt

‘Revolt by Vernon Coleman is the story of the EU. It is based on a true story which hasnt happened yet. It was originally published under the pseudonym Robina Hood (partly because it is quite unlike any of Vernons other books). ‘I enjoyed reading Revolt. I fear that much of the book may come true. Nigel Farage MEP, leader of UKIP. ‘Deeply serious potential issues, which are peppered with elements of wit and humour pose the question: Is this an allegorical view of the way our world is heading? - John Weller in Hull Daily Mail ‘Based on a true story which hasnt happened yet is the captivating opening statement to this powerful novel. Reminiscent of George Orwells 1984, we encounter a government in supreme control with bureaucratic corruption, enforced obedience and power eliminating weaknesses such as loyalty and respect. The book is a cleverly conceived encounter between the all-powerful Sprouts and underdog Suspects in a struggle over their country, culture and democracy. It reveals authority becoming the public enemy and the mask of violence. Then comes the revolution. What happens when ordinary people have finally had enough? What happens when good, decent, law-abiding folk are pushed too far by mindless bureaucrats? What happens when the oppressed citizens rise up against a ruthless, fascist state and fight back - using whatever weapons are available to them? Inspirational, funny, exciting and entirely original Revolt will amuse and entertain more than anything published for decades. And, more than anything written since George Orwell wrote 1984, it will make you think hard about the world in which we now live. This is the most explosive novel written for 50 years. - Bolton News Vernon Coleman is the author of over 100 books which have sold over two million hardback and paperback copies in the UK alone and been translated into 25 languages. His

other books include Mrs Caldicots Cabbage War, Mrs Caldicots Knickerbocker Glory, Mr Henry Mulligan, Its Never Too Late, Paris in My Springtime, Second Chance and the Bilbury series of books. Bestselling author Vernon Coleman is also a doctor and the author of Bodypower, How to Stop Your Doctor Killing You and many other medical books. His political books include Gordon is a Moron, Living in a Fascist Country, Why Everything Is Going To Get Worse, Bloodless Revolution and many others.
