

Yosemite Audio Adventures - Groveland to Yosemite Valley & Tioga Pass (Audio Tour Guide)

This driving tour is an incredible journey that visits several unique ecosystems within Yosemite National Park. The audio adventure is loaded with over two hours of entertaining and educational information guaranteed to enhance your Yosemite experience. This is an opportunity to utilize your travel time to learn about the park while you enjoy the scenery in the privacy of your own vehicle. The audio adventure provides you with a detailed route to follow and directs your attention to famous land features, breathtaking vista points, gas stations and restrooms. The narrator offers useful information, fun facts and amusing anecdotes. This tour consists of two audios that can be divided into two separate adventures and a 12 page booklet with ideas for things to do while visiting Yosemite. You are offered options along the route that allow for individualized activities so you can customize your adventure. The first audio takes you from Groveland, California to Yosemite Valley. The audio tour guide identifies native flora and gives you some inside information about the area. You'll see famous land features such as Half Dome, El Capitan, the Three Brothers and Cathedral Rocks. You'll learn about the history of the park, bear management, and how fire is used today to enrich the ecosystem. The second audio takes you to Tioga Pass where you'll see Tuolumne Meadows, the largest sub alpine meadow in the Sierra Nevada. It is a place of enormous beauty filled with wildflowers, glacial lakes, gray granite domes and clear mountain streams that will entertain your senses. You'll learn about the U.S. Cavalry's contributions to the park, the High Sierra camps, park operations and the issues involved in managing nature. This adventure contains lots of information about hiking trails along the Tioga Road and offers some ideas for finding places, just slightly off the beaten path, where you can experience the Spirit of Yosemite.
